MARCH 2010

Packing 270 Hygiene Kits for Haiti Relief

R-Stessie and Israel, 2 Haitian American students at the U who shared about their families in Port-au-Prince and the impact our help was making on their country. We also held a rally immediately after packing, raising a over \$1,000 for shipping!

When the Haiti disaster occurred, CRU began mobilizing student groups on campus to work together by collecting and assembling hygiene kits. We were hard at work contacting community businesses requesting toothbrushes, soap, wet-wipes (you name it) with a faith goal of 500 kits. Eventually, we partnered with a local grocer called Dan's. They did a "scan promotion" where customers could add a kit to their bill at checkout. We ended up being able to pack 270 kits last Thursday. Even better, over 100 students showed up to support the effort-most of them non-Christians. We got to talk about the spiritual resources we offer to the campus and the humanitarian arm of Campus Crusade, Global Aid Network, that is on the ground and delivering kits. It was an incredible night! We are so excited to see how God moved. A school photographer and reporter came to cover the event and over 15 new students plan on working with us on future Haiti relief or local CRU activities.
